

Cottonwood Heights

Weekly Update for the Week of January 22-28, 2017

City Manager

1. Finished the final touches on Feb Newsletter, sent to printer.
2. Creating slide show presentation for UMCA conference in March.
3. Making preparations for hosting Utah Association of Government Communicators on Feb. 16.

Police

1. The PD deployed the bait car with GPS tracking devices in items and left it in the area of Market Street employee parking. A short while later an arrest was made of two subjects after a short pursuit who had been stealing mail within the area.
2. Robbery, at the Target store. Male adult attempted to exit the store with property he had not purchased. When confronted by two store security officers he assaulted both causing minor injuries. Suspect booked S.L. County on felony charges. Handled by Ofc. Dawson

Administrative Services

1. The volunteer appreciation dinner was a successful event. We honored 8 great volunteers and a community partner. This year we added a 10 year volunteer service award. The city is grateful for the 14 volunteers that have reached this milestone. I want to thank Kim and Shelly for all their work in helping with the dinner, and everyone who stayed after for the clean up!
2. Butlerville Days planning is in full stride with lots of excitement from the committee. The event will be held on Friday, July 21 and Saturday July 22 (171 days away). The committee's first task was to decide which movie to show at the event, Finding Dory won the votes. The Car Show Chair is hoping to bring in tractors this year, I will keep you posted if this happens.
3. Special Event permits are starting to pick up as well as the room rentals requests.

Public Works

1. The department ended the week with eight straight days of plowing. That's a lot of 4:00 a.m. wake up calls. The crews have completed 36 plowing operations so far this winter. An average winter consists of 22-24 plowing operations.
2. Pothole repairs underway throughout the city with the dry weather.

Safety Moment – Slip Sliding Away

As winter starts to warm we need to be cautious and watching for potential slip hazards. While the floor mats at doors are intended to absorb water and dirt when people enter a building, heavy rain or snow can cause puddles to form on tile or non-absorbent surfaces. If you notice puddles or other hazards we

ask that you please grab a mop or paper towel to clean it up. Persistent wet floors may require setting up a wet floor sign in the vicinity to warn patrons of the hazard. We have them in our janitorial closets. If you are unable to resolve the problem, please notify a supervisor immediately so that the situation can be resolved. We can all help to make sure that floors are safe and clean to prevent someone from having an accident.

Figure 6- The Volunteer Appreciation Dinner on Saturday, January 28th was well attended. Thanks to all that give their time and talents to further the progress our great City. Photos by Ann Eatchel

The Police Department acquired this 1896 Utah flag and had it cleaned and framed. We will be hanging in the PD this week. It's very impressive. (Photos by Chief Robby Russo)
